AN OUTRAGEOUS FUSION OF BEAUTY AND BOOST.

At Mazda, engineering isn't a 9 to 5 job. It's an obsession. We're the kind of people who tweak our own cars when we aren't at work on the ones you run. Which is why, just when you thought we had exhausted all the ways to improve the already impressive *MAZDASPEED MX-5* Miata, we dreamt up a striking new edition. Introducing the new, Titanium *MAZDASPEED MX-5* Miata. Its sleek, stylish body blends beauty with brawn and conceals a turbocharged, intercooled powerplant... making it a prime example of how far we'll go to give you exactly what you want in a high performance vehicle. Right down to the paint.
