

MAZDASPEED

2004 MAZDASPEED MX-5 MIATA. THINK STYLISH. THINK AGILE. THINK TURBOCHARGED.

zoom-zoom

WHY DRIVE WHEN IT'S THIS EASY TO FLY?

The most popular two-seat roadster in history is making history. Again. This time with a new turbocharged version, proudly called: **MAZDASPEED MX-5 Miata**. Think no-holds-barred and pure, unadulterated fun. With a turbocharged and intercooled 16-valve powerplant churning out 25% more horses (178-hp) and 33% more torque (166 lb.ft.).

A beefed-up, short-throw 6-speed gear box and heavy-duty clutch, making it all the more exhilarating. A Bosch torque-sensing limited-slip differential managing the traction. Power-assisted four-wheel disc brakes with silver-coloured calipers, an Anti-lock Brake System (ABS) with Electronic Brake Force Distribution (EBFD) providing linear, fade-resistant stopping power.

Plus a **MAZDASPEED** sport-tuned and lowered double-wishbone suspension promoting tenacious handling. The result is ridiculously responsive. Amazing agile. And mindblowingly quick.

So bring yourself up to speed. Visit your nearest MAZDA dealer or check out www.mazda.ca. Then go make some history of your own.

CHANCES ARE, IT'S JUST YOUR SPEED.

POWERTRAIN

- 178-hp, turbocharged and intercooled, 1.8L DOHC 16-valve 4-cylinder engine
- Short-throw 6-speed manual transmission with shot-peen-hardened gears
